Vertical Ladders

In 2011 we obtained the certification of mechanical tests which made us one of the few companies in the world with approved GRP ladders.

We are one of the most competitive European manufacturers in fixed access equipment.
We design and manufacture our stairs and accessories in accordance with the strictest safety standards.

In 2011 we obtained the certification of mechanical tests which made us one of the few companies in the world with approved GRP ladders.

We have all kinds of standard accessories: Guards - backs; Rest levels; Extensions; Anti-access systems ...

Vertical Ladders

Vertical Ladders

We design and manufacture our stairs and accessories in accordance with the strictest safety standards.

We develop any type of stair cover more specific for special projects.

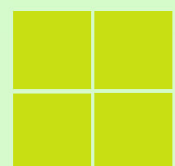

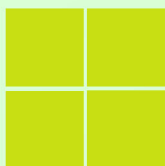

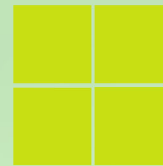

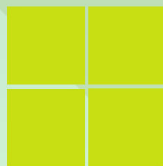

Ladders

Ladders

We distribute and build high-strength industrial ladders, easily adaptable to overcome the shortcomings of the land, as well as existing constraints.

Given the low weight of the material, the steps can be manufactured in easy-to-assemble modules
